Local Volunteering Opportunities with Age Concern Warwickshire

My name is Nikki Gill and I am the Buddying Co-ordinator for a Big Lottery Project being delivered by Age Concern Warwickshire, and I am currently working in Ryton on Dunsmore.

The project aims to encourage residents in the area who currently have little, or no social contact to engage in social activities to improve their well-being by trying new activities, and making new friends. The scheme is available to anyone, regardless of age.

To help us achieve our objective we are looking to recruit volunteers. There are several opportunities for volunteering associated with this project and we would welcome any time you are able to give.

If you are friendly, out-going and enjoy helping others and could spare a few hours regularly, please contact me for an informal chat on 01788 552545 or 07939474874.
